Property Description

2 total acres of land in the middle of Grove Hill are not often available, but this is your chance! This home sits on 5 city lots that equals 2 acres and has the feel of living in the country with the conveniences of being in the heart of town. It offers 3 bedrooms, a newly remodeled master bath and additional bath, a living area, and a den with a dining room. A recently added huge screened porch off the rear is perfect for entertaining or enjoying coffee on cool fall evenings. The attached building off the carport is currently set up as a mother-in-law suite with a full bath and kitchenette, but it is perfect for out-of-town visitors, a college kid moving home, or just for storage.

There is so much to be said for this property. You will truly have to see this property to appreciate all it offers. Give Shawn Harrison a call to make your appointment TODAY before this one is HISTORY!!!
